
Ottawa Carleton Standard Condominium Corporation # 803

Switch-Over to Heating

It's time for the annual switch-over to heating. The system in the building can only heat or cool at one time and the change-over is a multi-day process. As the weather has quickly changed, the contractor has scheduled the change-over from air conditioning to heating for:

October 14 - 16, 2026

You will have useable warm air by the end of the day on October 16. In the interim, please turn your thermostat to the "off" position as you will only get cool air regardless of the mode that you choose.

Regards,

Mike Fraser, ²⁰YEAR RCM, ACCI, OLCM
Agent for O.C.S.C.C. No. 803
